SENATOR WARNER: Mr. President, do you have my amendment now, Mr. Clerk? I'll move adoption. All this one does is consolidate the appropriation that was in 259. It consolidates the southeast appropriation and the one that was to lengthen, combines those separate dollar amounts into one dollar amount to the new southeast district as was adopted in 533. I'd move the adoption of that amendment.

PRESIDENT: Are there any amendments that are pending to that, Senator Warner, do you know or--? Well, okay. The motion is to adopt the Warner amendment. Is there a need for discussion now of the Warner amendment? We still have before the body the Warner amendment. Senator Marsh, did you want to be heard regarding the Warner amendment?

SENATOR MARSH: Before we vote, I would like to have it read a second time, please.

PRESIDENT: Does the Chair detect that we need a five minute recess here? Would that help things any? Senator Warner, would a five minute recess help things here, do you suppose?

SENATOR WARNER: Yeah, I guess so.

PRESIDENT: Alright, let's, let's just declare a five minute recess here. A little caucus action on the floor there. We still have before the body Senator Warner's motion which relates to LB 582. When we come back we'll take a vote on that. Five minute recess. We're actually have Senator Marvel's motion, his amendment before us and I have two very distinguished gentlemen on their feet here and I don't know which one to call on first. I'll try Mr. Speaker back there, Mr. Proud, then Mr. Marvel.

SENATOR PROUD: Mr. President, just an announcement. I asked Senator Marvel if he would have his staff prepare some charts and figures in regard to the capital construction budget and I specifically asked him to list individually the amendments we put on, I believe, last Tuesday, and I'm just going to ask the page to distribute those.

PRESIDENT: Alright. Senator Proud needs a couple of pages back there to help him distribute some things. Thank you. Now, Senator Marvel. I think we still have before the body the Warner amendment.

SENATOR MARVEL: I, I would like to speak to the Warner motion to attempt to clarify what the motion is and then those who, who are interested in amending that will maybe understand what the motion actually does. I'm not sure we're back in session. Are we?

PRESIDENT: Beautiful. Go ahead.-

SENATOR MARVEL: All of Senator, all of-Senator Warner's motion does is to take the Governor's recommendations for the vocational technical schools as per Legislative Bill 259, take those original amendments, take the recommendations we made of 533 and put them into 582. Now in effect, what this does as I understand it and if I'm not correct you can correct me, what this does is to combine Lincoln and the southern district and eastern as per the Governor's recommendations, has no appropriation, and that's where we stand so all we're doing is taking what the Governor recommended in 259, changing it by your decisions in 253
